

HEALTHQNECT

NETWORK FOR A BETTER LIFE

First Wellness Testing / Healthqnect and our local partner Omega Laboratories offers together a premium service for our clients and a turnkey solution. We provide a highly streamlined process that ensures efficient data management and reliable reporting of results as well of a testing service:

Our services include the following:

- Co-ordination including logistics, contact person for the production, support person.
- Staffing according to needs for daily testing.
- Onsite testing, off site testing, home testing and clinic testing.
- We deliver 98.8% of our test results in less than 24 hours of sample collected. 88% of the results are within 12 hours, **with an average of 6 hours reporting time.**
- FWT unique IT system. To secure the chain of custody and quality of the registration and result process, our IT system is connected with the laboratory avoiding manual registration and reporting errors and therefore also improving the TAT and reporting of results.
- Reporting to Local authorities of any positive cases.
- Weekly reporting if requested
